

# Logic Map Self-Check

What to look for...	Yes	Not Yet	Comments
<b>The logic map</b>			
Is it logical?			
<ul style="list-style-type: none"> <li>• Do the relationships/links make sense?               <ul style="list-style-type: none"> <li>○ Would implementing the strategies lead to the objectives?</li> <li>○ Is every cell linked to at least one other cell (no widows and orphans)?</li> </ul> </li> </ul>			
<ul style="list-style-type: none"> <li>• Are any of the links missing a connection?               <ul style="list-style-type: none"> <li>○ Are there any additional steps not included in the logic map that need to happen?</li> </ul> </li> </ul>			
<ul style="list-style-type: none"> <li>• Does the map provide an accurate representation of the project (not the management of the project or the evaluation of the project)?</li> </ul>			
Is the scope of the project realistic in the context of the timeframe of the project?			
<b>Strategies</b>			
<ul style="list-style-type: none"> <li>• Are strategies all about the same size?</li> </ul>			
<ul style="list-style-type: none"> <li>• Is there only one concept addressed in each strategy?</li> </ul>			
<b>Objectives</b>			
<ul style="list-style-type: none"> <li>• Are objectives all about the same size?</li> </ul>			
<ul style="list-style-type: none"> <li>• Is there only one concept addressed in each objective?</li> </ul>			
<b>Goals</b>			
<ul style="list-style-type: none"> <li>• Are the goals of greater size and scope than the objectives?</li> <li>• Are the goals more long-term than the objectives?</li> </ul>			
<b>The process</b>			
<ul style="list-style-type: none"> <li>• Did everyone on the evaluation team contribute to the development of the logic map?</li> </ul>			
<ul style="list-style-type: none"> <li>• Does the map represent a consensus in understanding how the project works?</li> </ul>			
<ul style="list-style-type: none"> <li>• Can the completed logic map be used as a tool to help communicate the project to stakeholders?</li> </ul>
